

ScopedODBC::~~ScopedODBC

ODBC::Rollback

```
graph LR; A[ScopedODBC::~~ScopedODBC] --> B[ODBC::Rollback]
```

The diagram illustrates a call from the destructor of the ScopedODBC class to the Rollback method of the ODBC class. A blue arrow points from the text 'ScopedODBC::~~ScopedODBC' in a white box to the text 'ODBC::Rollback' in a gray box.
